I look forward to meeting your at UME

TUN PHEAKDEY
PRESIDENT

- **Introduction**

The University of Management and Economics (IME) is a high quality institute which is located in central Battambang Town, Cambodia in order to contribute in High-Education offering. UME was officially opened on 18 July 2000 under mane of Institute of Management and Economics, and recognized by the Royal Government of Cambodia under sub-decree No. 43 of Ministry of Education , Youth and Sport, registered on 17 July 2000. UME is the first private University established in Battambang.

- **UME' s Development and Prosperity**

University of Management and Economics started training its first-batch students of Associate Degree in 1998 under official name: Battambang High Education Center (BHEC). This center has been changed to Institute of Management and Economics in 2000. IME has provided both associate and bachelor degree in the fields of Business, Management, and Economics, Language. Also major part of BHEC students enrolled to resume their study for Bachelor Degree.

In 2005, IME was re-changed to University of Management and Economics (UME) and extended many other faculties of Agriculture, Tourism, Information Technology and law and also had a diverse program of Masters Degree with a very affordable-tuition offering and other academic service fees.

Nowadays, it has grown to accommodate more than 1,500 students in its Battambang Campus, about 550 in Pursat campus, about 500 in Kampot campus, about 450 in Shihanuk Ville, about 450 in Kampongcham, and 550 in newly established campus in Bantaymean Chay of Cambodia in the academic year of 2005-2006.

- **Result of Training**

In the year 2004, UME (former IME) first opened the graduate ceremony under presidency of H.E SAR KHENG, deputy-prime minister and minister of Interior. Then, 175 fresh-graduates graduated in field of marketing, human resource management and marketing. Most of them had been employed since on-going or as soon as graduating.

This shows that UME, so far, mainly focuses on only quality. As result, UME' s quality of education are countrywide recognized and more and more students rushed to enroll at IME during the following years.

TRANSPORT

University of Management and Economics has a mini-bus or van each campus to facilitate the students to take study tour or field trip in different area countrywide.

University is responsible for all expenses, and the students are not requested to pay for those travels. The students are requested to pay for gasoline expense only when they want to make their own tours and use the min-bus or van.

COMPUTER ROOM

University of Management and Economics has one computer room packed with 80 computers each campus.

The rooms are used to teach the student computer's theory and application. Moreover, these rooms are allowed the students to freely use for their academic purposes such as practicing, assignment typing, typing...etc when the rooms get free from coaching time.

INTERNET ROOM

University of Management and Economics has one internet room. This room consists of 15 computers and set to facilitate the students to do their research activity in addition to the existing library.

This room is allowed to freely use for all UME students.

The students can access this room when being given the assignment/research proposal to pursue their academic programs. They are allowed for their academic purpose only.

Sport

The student can also choose from various sports activities such as, football, volleyball, and Basketball. The most-awaited sports event is the competition among University Teams in Phnom Penh every July.

The UME university team joined many sport matching events with other educational institutions and other teams from both profit and non-profit NGO to help support and improve Cambodia sports.

Various experiences can be gained from academic, social and sports activities which are useful as you advance your knowledge.

Work Experience and Career Service

Work Experience and Career Service office of University of Management and Economics was established to send the student to take work experience placement at organizations and companies countrywide in order to give undergraduates chance to build their qualifications in real situations of work other than just studying theories in class.

Moreover, the office trains the fresh graduates how to get job and sent them to be interviewed at many companies or NGOs when those institutions make recruitment and need us to send them the top graduates.

As result, 95% of the fresh graduates got jobs as soon as graduating and 30 of whom were recommended by the office of the university.

Right now, the companies/ NGOs know our abilities in quality educational provision to the society and whenever they need employee, they contact us to send our students for interviews.
